

# Post Results Services 2019

Please discuss any concerns about your results with a member of staff.

There are a number of services available from exam boards to respond to any issues you have about the results you have received. If you are considering any of the following or have any similar concerns then these services may be of use to you:

- *I'm happy my grades are ok but I would like to get my script back to see how I can improve in the future.*
- *I'm concerned my mark could be wrong and want to get it checked.*
- *My score is very close to a boundary for a higher grade but I want to see my script before I decide whether or not to request a review of marking.*
- *My University place depends on a review of marking improving my grade.*

Depending on your concern different services might be appropriate.

**Charges do apply and you may be required to pay for these upfront.** Please discuss any of the following options you may wish to consider with a member of staff who will support you in completing the relevant documentation and make you aware of any costs involved:

## **Priority Review of Marking (deadline 22 August 2019)**

An urgent application that will be looked at immediately can be made to obtain a review of marking if your place at university is dependent on the result.

### **There are three possible outcomes for review of marking:**

- Your original mark is lowered so that your final grade may be lower than the original grade you received.
- Your original mark is confirmed as correct and there is no change to your grade.
- Your original mark is raised so that your final grade may be higher than the original grade you received.

## **Requesting a copy of your script (deadline 22 August 2019)**

An urgent application can be made to obtain a copy of your script before deciding whether you wish to lodge an enquiry about your results. *This service is not always available for GCSE. The awarding body should return scripts before the deadline for review of marking.*
