KS4 Easter Progress Support and Summer 2021 assessment update

Dear Parent/Carer,

While we await the final guidance on expectations for this summer's GCSE & A-Level grade awarding process from exam boards, we continue to ensure students access as much of their curriculum as possible while affording them the best possible opportunities to showcase their knowledge, skills and abilities through a rolling cycle of assessments. Your continued commitment to supporting the very high attendance demonstrated by KS4 students since their return to onsite learning is appreciated and helps mitigate missed opportunities for our young people.

To support our students over the upcoming weeks there is a robust offer of extracurricular support being delivered at lunchtimes and after school. The timetables for these can be found [here](#) on our school website. Further to this please find details below of our traditional Easter support package. This year, there is a particular focus on some of our practical subjects offering an extended period of time with specialised equipment. However, as you would expect we have retained our core offer as we continue our pledge to prepare students with the necessary content, skills and experiences to progress well to their next stage.

ST MARY'S COLLEGE

These sessions are being run as a blended experience of onsite and online learning as we continue to navigate our way through all Covid-19 related protocols. Each department will be in touch with details of how their session will be run, including the exact timing within the allocated morning/afternoon slot. Should your child require access to site to allow them to participate in any of the online sessions we will share details later in the week on how you can confirm a place on site for the relevant session(s).

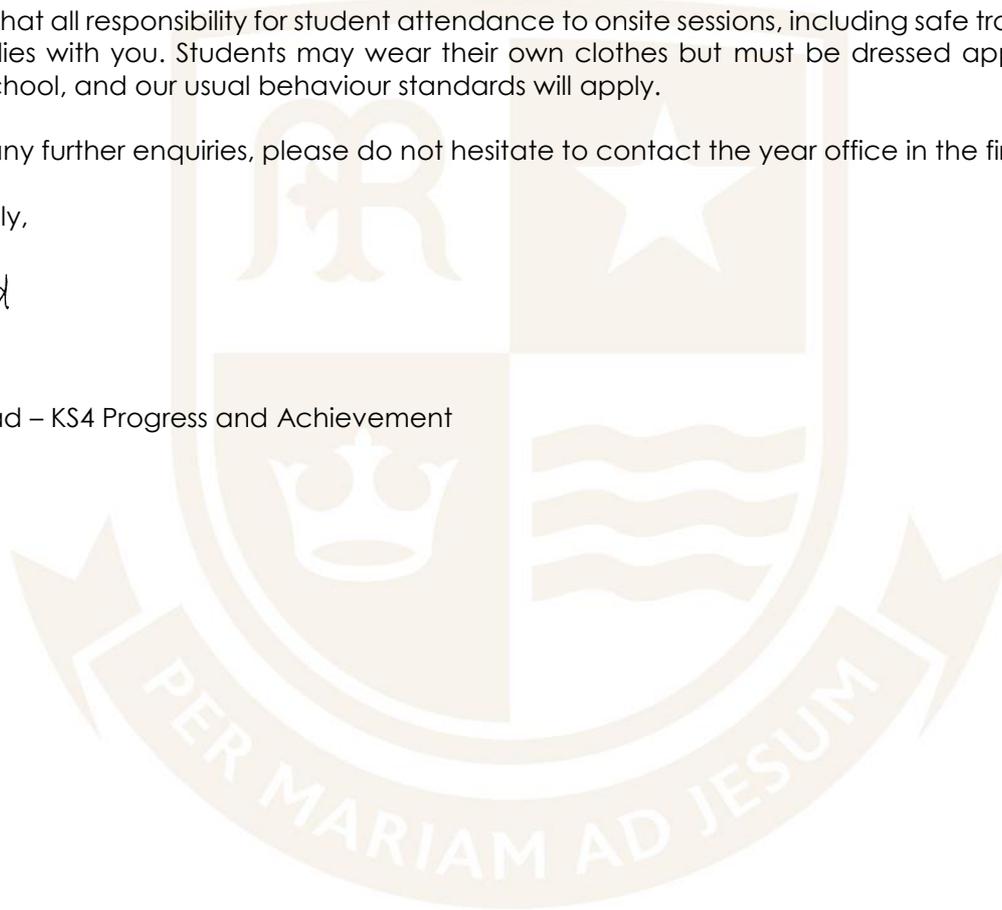

Please note that all responsibility for student attendance to onsite sessions, including safe transport to and from school lies with you. Students may wear their own clothes but must be dressed appropriately for learning in school, and our usual behaviour standards will apply.

If you have any further enquiries, please do not hesitate to contact the year office in the first instance.

Yours sincerely,

G. Wild
