### KS4 Easter Progress Support and Summer 2021 assessment update

Dear Parent/Carer,

While we await the final guidance on expectations for this summer GCSE & A-Level grade awarding process from exam boards, we continue to ensure students access as much of their curriculum as possible while affording them the best possible opportunities to showcase their knowledge, skills and abilities through a rolling cycle of assessments. Your continued commitment to supporting the very high attendance demonstrated by KS4 students since their return to onsite learning is appreciated and helps ensure there are any missed opportunities for our young people are kept to a minimum.

To support our students through the upcoming weeks there is a robust offer of extracurricular support running at lunchtimes and after school. The timetables for these can be found [here](#) on our school timetable. Further to this please find details below of our traditional Easter support package. While there is a focus on some of our practical subjects offering an extended period of time with specialised equipment, there continues to be an offer from all our core academic subjects as we continue our pledge to ensure all students have the opportunity to access sufficient content and skills to allow progression to the next stage of their education.

These sessions are being run as a blended experience of onsite and online learning as we continue to navigate our way through all Covid related protocols. Each department will be in touch with details of how their session will be run, including the exact timing of each session within the allocated morning/afternoon slot. Should your child require access to site to allow them to participate in any of the online sessions we will share details later in the week on how you can confirm a place on site for the relevant session(s).

Please note, for the onsite sessions these sessions are being run outside the school term. As such, all responsibility for student attendance at these sessions, as well as ensuring safe transport to and from school lies with you. Students may wear their own clothes, but usual behaviour standards will apply.

If you have any further enquiries, please do not hesitate to contact the year office in the first instance.

Yours sincerely,

G. Wild
