## **National Professional Qualification for Leading Teaching**

The National Professional Qualifications (NPQs) are a group of widely recognised professional qualifications designed to meet the needs of education leaders in England. NPQs provide extensive training and support for current and aspiring leaders at all levels.

The NPQ for Middle Leadership has been replaced with three new Specialist qualifications: NPQ for Leading Teacher Development (NPQLTD), NPQ for Leading Behaviour and Culture (NPQLBC) and NPQ for Leading Teaching (NPQLT), designed for teachers who want to broaden and deepen their expertise in specialist areas within educational settings.

**Designed in partnership with schools and expert organisations**

The National Professional Qualification for Leading Teaching (NPQLT) is designed for teachers who have, or aspire to have, responsibilities for leading teaching in a subject, year group, key stage or phase.

Individuals working in this type of role often manage a team of teachers and focus on supporting effective teaching across the school.

They need to have expertise across several specialist areas and have a thorough understanding of the pupils and colleagues they work with, all while maintaining the highest professional conduct as set out in the Teachers' Standards, to ensure staff and pupils can thrive.

The course curriculum aims to develop flexible expertise to support individuals when faced with the range of challenges they will encounter. The NPQLT course curriculum also includes subject-specific, phase-specific and domain-specific materials to enable participants to develop expert teaching practice within their relevant context. This Programme is brand-new and designed in partnership with schools and expert organisations, ensuring all content is up to date and relevant to help participants face the challenges and ambitions of school leaders today.

This Programme is for	<b>Teachers who have, or aspire to have, responsibilities for leading teaching in a subject, year group, key stage or phase.</b>

\* plus 3 months for Summative Assessment process

**All our Specialist qualifications use a common methodology to develop and nurture your existing expertise and capabilities.**

Each of our NPQ Programmes includes:

- **An introduction and diagnostic assessment** to scaffold and frame your learning, identify gaps in your knowledge and direct you to the areas that are most relevant to you.
- **Tutor support sessions, led by a Local Lead Trainer** which will provide you with opportunities to bring your learning into context and collaborate and network with peers.
- **Lots of online evidence and examples** to introduce you to key ideas and demonstrate how you could implement these concepts.
- **A micro implementation task** to reinforce the overall approach to managing improvement and prepare you for the summative assessment.
- **Face-to-face and live online training** where together with your peers you'll learn through expert-led dialogue, collaborative activities, and structured practice of new techniques.
- **A formative assessment activity** to check your understanding and confidence, signpost you towards further learning and provide feedback that's individual to you.

**The course curriculum aims to develop flexible expertise to support individuals when faced with the range of challenges they will encounter**

## Leading improvement in teaching

All our NPQs begin with an introduction to our approach to capacity development and managing improvement through implementation. This approach is then embedded throughout the duration of the Programme.

You will work through the three layers of influence, developing mastery of relevant expertise, with the knowledge and tools to develop others, and extend influence across a school or department.

SPECIALIST	Leading improvement	Underpinning principles	Developing others	Furthering your specialism	Embedding in practice
Leading Teaching	1 Leading improvement	2 Ensuring every teacher knows how pupils learn	3 Developing curriculum within your subject	4 Developing effective classroom practice across your team	5 Improving assessment/feedback

## Why choose Education Development Trust?

When you join us, you will be working with a consortium of organisations who bring significant knowledge, expertise, and experience with them. Education Development Trust is an international charity with a deep commitment to our mission of transforming life chances by improving education. We pride ourselves on our reputation for high-quality, school-led, and exceptionally well-managed professional development programmes for teachers and leaders.
