If you have not done so already, please complete the second questionnaire. This is the PC1 form which provides staff with emergency contact details, medical information and media/GDPR information. This is vital information in case of emergency and important information when we resume inter-school sport activities in September, circumstances permitting. Students will not be available to play until the PC1 form has been completed.

End of Activity Procedures

Please note that during the current circumstances, there is no access to the site for parents/carers. Students will make their way off site via the Academy Pedestrian Gate situated on the Bus Loop. In order to adhere to current protocols, we request that parents either wait in their vehicles or maintain social distancing if on foot on the footpaths. Staff will direct students towards their parents/carers. Additionally, we request that parents/carers leave the site promptly as the SMC Sports Village will be transitioning into community use at 5pm.

Sports Leadership

As part of our curricular and extra-curricular programme, we provide students with the opportunity to undertake virtually various sports leadership courses run by a variety of organisations. Students who undertake at least one of the courses on offer, will be invited to be lead, coach or officiate at a primary or secondary inter-school competition during their time at St Mary's College.

Year 8 can access the Sports Leaders UK Volunteer Activity Programme or Youth Sport Trust Step into Sport courses via the PE Class Microsoft Teams Channel. Students can download all the resources and then e-mail any completed workbooks to SMCSport@smchull.org

If you have any further questions or queries, please do not hesitate to contact me via e-mail SMCSport@smchull.org.

Yours sincerely,

M Arridge
