Medical Mavericks

Day 2 -AM

STEP 1 - The Links

Below are the different links.

1 for your students, 1 for your teachers

STEP 2 - Click the link & Click Enrol

When the link is clicked, students will be taken to a webpage where they have to click the big purple enrol button. They can't miss it!

STEP 3 - Create an account

When students click the enrol button they will be taken to a registration page to create their account.

Students and teachers should use their school email account.

The graphic features the Medical Mavericks logo at the top. Below it are three panels: 'THE ACADEMY & VIRTUAL WORK EXPERIENCE' (listing interviews and courses), 'VIRTUAL LIVE STREAM SHOWS' (listing 'Human Guinea Pig NHS Show' and 'The Senses Show'), and 'ON DEMAND PRE-RECORDED SHOWS' (listing 'Human Guinea Pig Show & The Senses Show' and 'Pre-recorded and accessible for 5').

They MUST be able to access their emails in case they need to update their passwords in the future. Parents can use their own personal email address.

When their account has been created, they'll be able to access The Academy. They'll be sent to a video that shows them how to use The Academy and they can access all the courses by going to their dashboard.

The Academy refers to everyone as a student, even the teachers and parents. This is a quirk of the system we cannot change. We do know who is who through the system back-end.
